**TOWN OF CLARENDON**  
**1982 Selectmen's Report**

As a result of an analysis of the Town's budgets for the last three years, done with the help of the Treasurer, the Selectmen have proposed a budget for 1983 that reflects a modest increase in general government expenditures and a decrease in highway maintenance expenditures, compared with the 1982 budget and that year's actual experience. Highway expenditures will be reduced because the road crew force has been cut from four to three men. The increase in general government expenses will be attributable to our tree removal program and the ambulance service, among other things, but it may be offset if we are able to keep our interest expense down.

The most pressing concern of the Town continues to be delinquent taxes. Approximately \$90,000 of 1982 taxes were not paid by the due date. Delinquent taxes outstanding on December 31, 1982 totaled \$109,405.00. The Town has taken advantage of an amended State law and raised the interest charged on unpaid taxes, and the delinquent tax collector has been active, bringing in over \$100,000.00 in 1982. Nevertheless, the Town avoided incurring substantial interest expenses in 1982, and during part of 1983, only by borrowing from the equipment fund. Clearly, new ways must be found to insure that tax revenues are received on time and to reduce the delinquent taxes outstanding.

A Regional Ambulance Committee was formed in 1982 to find an alternative for the existing commercial ambulance service which is closing. Kay Neil was appointed the Town's delegate to the Committee and we are indebted to her for the fine job she has done. Believing that the regional approach is most feasible, the Selectmen have budgeted \$7,745.00 to support the Committee's efforts in 1983.

Each year the Selectmen receive numerous complaints of dog damage, unlicensed dogs and dogs running at large. 1982 was no exception. The dog ordinance has been strengthened and the allowable fines have been increased. A survey of unlicensed dogs was conducted early in the year and the Selectmen issued warrants to the Constable. The Selectmen and Constables appreciate your reports of unlicensed dogs in the Town and will continue to enforce the ordinance as effectively as we are able.

Land along portions of the Cold River Road was taken by eminent domain in 1982. The project, funded largely by the federal and state governments, will straighten and level the road near the Rutland Town line. The bridge at that location will be replaced, under a different but closely related project.

The condition of the Town's highways and the status of the road foreman position took up a great deal of the Board's time this past year. Following a period of deterioration, the highways are now back in good shape, although further corrective action must be taken this Spring to replace certain

culverts and to add gravel where needed. The Town purchased a 1983 International dump truck from Seward's Sales and Service, at what we believe to be a very good price. Having three trucks for plowing and sanding will enable the crew to reach all parts of Town quicker and will reduce wear and tear on the grader.

Other matters of interest concerning highway maintenance are that the road crew force has been reduced to three, including the foreman, the crew's uniforms have been discontinued, and the pick up truck has been sold and will not be replaced. Also, our Tree Warden, Russ Reay, plans to remove 100 dead or diseased trees from the roadways this year, making travel considerably safer.

We are once again indebted to Carl Lanfear for his assistance this summer as Acting Road Foreman. Steve Lanfear has now returned to Town service as Road Foreman and is doing a commendable job. Steve is working closely with the Selectmen to see to it that the equipment is well maintained, that the highways are kept in good repair and safe for travel, and that the Town benefits from every cent allocated for highway maintenance.

We thank all the people who devoted time and energy on behalf of the Town in 1982. Clarendon is growing fast and its challenges are many. Please get involved.

## TOWN OF CLARENDON

### Cemetery

We were very fortunate the past year in the care of our cemeteries. Our workers have kept the cemeteries mowed and looking very well.

We received an endowment of \$1,200.00 from Carl E. Austin of Springfield, Vt. The income from this is to be used towards the care of three family plots in Chippenhook Cemetery.

### TOWN OF CLARENDON Fire Department Report

1982 was another very active year for our Clarendon Fire Department. Our fund raising activities netted the Department \$21,000.00 and enabled us to pay for our new truck purchased in late 1981. We bought ten additional pagers, giving us a total of forty-five, and a new Hale portable pump. It is very important that we maintain our fire department equipment and replace when necessary in order that we may keep our lower insurance rating of which is a savings to each taxpayer of approximately 10%.

We had a total of 48 emergency calls and they are listed as follows:

House fires	5	Business	1
Car fires	5	Electrical	2
Grass & brush	8	Barn	1
Chimney fires	14	False alarms	2
Mobile Homes	2	Plane	2
Car-Truck accidents	3	Other	3

Mutual aid calls out of Town - 5

<b>Total</b>	<b>1768 Hours of Training</b>		

We participated in the annual Loyalty Day Parade in Rutland and the annual Vermont State Firefighters convention hosted by Rutland. At the Fire convention we received the "Best Appearing in Parade" trophy for the fourth year in a row. This I feel is a great accomplishment for a small town such as ours.

We are now entering our 20th year as a Fire Department and looking back see many sorrows, yet also many good times. We are optimistically looking into the future for many more good times, but knowing that if an emergency arises we will be able to handle it hand-in-hand with our neighbors, friends and townspeople who have made our many successes possible.

**Clarendon Fire Association Auxiliary**

1982 was a busy year for the Fire Association Auxiliary. Our 24 members spent many hours on fund raising projects for the support of the Fire Department. Projects were: A Tasting Supper; ham suppers served for the Eastern Breeders Association, DHIA members and the Rutland County Extension Homemakers; Refreshments and a Rummage Sale at the men's auction; Refreshments sold at two auctions in Clarendon; assisting the men at the Rutland Fair Grandstand; Bazaar and Food Sale at the Mall; annual Booster Club and weekly refreshments at Bingo.

At our December 1982 meeting the Treasurer reported a balance of \$4,956.90. Officers elected for 1983 were: President, Joyce Pedone; Vice President, Phyllis White; Secretary, Karen Abare and Treasurer, Jean Murray.

In June we turned over \$5,000. to the Fire Association.

Members marched in the Loyalty Day Parade and participated in the Vermont State Firefighters and Auxiliary Convention held in Rutland.

We would like to express our gratitude to the townspeople for their continued support. Also we welcome anyone who would like to attend our meetings which are held at the North Clarendon station at 8:00 p.m. on the second Monday of each month.,

**ANNUAL REPORT 1982**

To: Selectmen and Citizens of Clarendon:

It is my pleasure as Executive Director of the Rutland Area Visiting Nurse Association to submit the 1982 Annual Report for your town.

Our health programs continue to provide many needed services to your community. Skilled Nursing, Physical Therapy, Occupational Therapy, Speech Therapy, Homemaker-Home Health Aide and Homemaker services are all available. The total patients and home visits made are as follows:

Unduplicated Patients	-	37
Skilled Nursing Visits	-	460
Evaluation Visits	-	9
Homemaker-Home Health Aide Visits	-	372
Physical Therapy Visits	-	216
Speech Therapy Visits	-	
Occupational Therapy Visits	-	34
Homemaker Visits	-	72

We also have Prenatal Classes, Preventive Senior Citizen Clinics, a Hypertension Program and a School Nurse Program.

We continue to work closely with the Office on Aging, Hospital, Nursing Homes and all other health related organizations to give the best possible health care to your community.

If you need help, call 775-0568 in Rutland or call the office nearest you — Brandon 247-3111 or Castleton 468-5668. If a member of your family needs health care at home, the Visiting Nurse is only a phone call away.

It has been a pleasure to serve you and we will look forward to another busy year.

Respectfully submitted,  
**Evelyn P. Doyle,**  
Executive Director

**Health Officer's Report**

As Health Officer, I wish to again express the appreciation of the Clarendon Health Board for the cooperation and assistance received this year from the Town Officers and Clarendon citizens in our efforts to protect the public health.

During 1982 the following health related matters were handled:

- 30 new septic systems approved, (2 new systems still have approval pending)
  - 13 corrected existing septic systems approved
- It should be noted that the Clarendon Health Regulations require a sewage permit, available at the Town Hall, for all new septic systems or for any alterations to an existing system.
- 2 animal bite reports
- Numerous water supplies tested at the request of the owners.

Respectfully submitted:

## RUTLAND REGIONAL COMMISSION ANNUAL REPORT TO THE TOWN OF CLARENDON 1982

The Rutland Regional Commission was involved in a variety of activities in our region during the past year, including several that affected the Town of Clarendon.

As a public planning and development agency, our governing board is made up of representatives of member governments in Rutland County, including Joseph Kalakowski who represents Clarendon. For every dollar contributed by local communities, we generated an additional \$8.64 in state and federal funds for programs that benefit the region's people.

**SOLID WASTE:** During 1982 the Rutland Regional Commission continued to help the Rutland County Solid Waste District (RCSWD) in efforts to solve the region's solid waste disposal problems.

Rutland Regional Commission Director John Vihinen, initiator of the Resource Recovery Project, continued in his role as Project Director. This year he spent extensive time and energy with the RCSWD in negotiating the solid waste disposal contract which was overwhelmingly approved by the District's voters on November 2, 1982. The contract provides for a private company, Vicon Recovery Systems, to finance, build, and operate a plant which will burn solid waste and produce electricity for sale to Central Vermont Public Service Corporation.

**TRANSPORTATION:** During 1982, \$14,240 in federal funds was secured for design and engineering of the Transit Center to be used by Vermont Transit and "the bus", the work totaling \$23,100 will be done in 1983 and construction should be completed by December. A ride-sharing program has been introduced involving major industries. The RRC prepared legislation to permit creation of a Regional Transit District, in order to cut the costs of organizing and running public transit systems. We are updating the *Rutland Urban Area Plan* to improve movement in and through Rutland City. We are also updating the Regional Transportation Plan which will recommend appropriate improvements to all transportation activities including the Rutland State Airport. The Regional Commission has been supporting efforts to insure that the region gets its "fair share" of transportation funds. Direct management support to "the bus" was also provided.

**ECONOMIC DEVELOPMENT:** Last year's Rutland Region 20/20 Project pointed up a need for change, a re-orientation in the type of industrial site as well as in the type of industry to be pursued, and a need for more information on the economy. The RRC has been involved in a recently completed "High-Technology Industry" study, funded through the Economic Development Council of Southwest Vermont, on the locational determinants

of "high-tech" industry. The Industrial Sites Survey done by the RRC and other groups resulted in selection and pre-engineering of six industrial sites in the region, including one in Clarendon. A part of this study was to resolve possible conflicts between industrial and agricultural land use. Now that these reports are complete, local boards, development corporations, and others in a position to implement the recommendations can begin a "delivery system" for economic development. The RRC's Economic Indicator Series, begun in late 1982, will be helpful in providing data on which to base these efforts. We continue to work with the Rutland Industrial Development Corporation (RIDC), the Rutland Regional Chamber of Commerce (RRCC), and with other local development groups.

**LOCAL SERVICES:** The Commission offers a wide range of services on request to local public bodies. We helped several towns during the past year with local plans, zoning regulations, flood plain zoning, mapping, economic planning and data, research, environmental reviews, population figures, A-95 notices of federally-funded projects, information on new state legislation, ambulance planning, power line review, and data requests. In spring 1982 we held four workshops to provide training to local officials. We also worked on a sewerage contract in the Rutland area.

The Rutland Regional Commission was active in helping to set up the Airport Industrial Park, a cooperative venture of the Town of Clarendon, the City of Rutland, and the Rutland Industrial Development Corporation. The RRC staff is available to assist the Clarendon Planning Commission on request.

Respectfully submitted:

John L. McKenna, Chairman

**Regional Ambulance Service**

The Regional Ambulance Service has been created by your Selectmen, or their designee, at the direction of the voters in November. Thirteen towns with over 37,000 people, being left without transport to the hospital, will be served by an ambulance service that will provide the highest possible care at rates that will be set by your representative. This non-profit corporation is made up of one representative from each town and therefore control will be on a local level.

Each town will be asked to contribute monies for the operation of the service which will be on a per-capital basis. The need for tax monies is due to rates that are set by certain agencies and the mandate we have to serve all the people, regardless of their ability to pay. We exist for the good of the public.

## III SUPERINTENDENT'S REPORT

### A. Enrollment:

Our new kindergarten program has increased the elementary school enrollment to 275 students for the 1982-83 school year. This is an all time high and well above the 246 students for 1981-82. Projections indicate that it may decrease, but only slightly. The high school enrollment seems to have reached a leveling off point with 278 students for 1981-82 and a slight decrease to 264 students for 1982-83. There does not appear to be any major enrollment changes in sight for the immediate future.

### B. Personnel:

For the 1982-83 school year we have the same number of teachers as we had last year (1981-82). Some teaching assignments have changed. Mrs. Churchill has moved from Grade 3 to kindergarten. Mrs. Allen has the only section of Grade 3 and is assisted by a classroom aide, Mrs. Chartrand. Mrs. Laviana is our new resource room teacher and Mrs. Jakubowski has joined our staff as a resource room aide. We do not anticipate any significant change in teaching staff for 1983-84. Mr. Albert Surrall has joined our staff as Superintendent of Maintenance and Yvonne Payrits is a part time custodial helper.

### C. Curriculum:

The most significant change in our curriculum is the addition of the new kindergarten program which was approved by the voters at last year's town meeting. Our Principal, Mrs. Solomka, and the kindergarten teacher, Mrs. Churchill, have worked hard to establish this new program. Each deserves a great deal of credit. We believe that this program will help many youngsters to get a better start in school. Other areas of the curriculum which we are working on include: a K-12 writing program; a review of our reading program; and microcomputers.

### D. School Building:

Again this past year we have been doing major maintenance work on the elementary school roof. The roof over the primary wing was replaced and the multipurpose room roof was resaturated and two new drains were installed. The upstairs classroom was renovated to accommodate the resource room and music. Our new kindergarten class moved into the room designed for it and formerly occupied by the resource room.

### E. State Aid:

This past year (1982) the Vermont legislature significantly increased the appropriation for state aid to education. This resulted in a large increase for Clarendon, approximately \$108,342.00 over what was included in the proposed budget. On June 14, 1982 the voters of Clarendon approved \$20,000.00 of this additional revenue for roof repairs. The remaining \$88,342.00 was used by the School Board to reduce the school taxes below the amount voted at the annual town meeting. We anticipate that this additional money will continue and may even increase for the coming year.

This year's financial worksheets include a breakdown of State Aid into two categories: Elementary State Aid and Secondary State Aid. Although all state aid for Clarendon is received by the Clarendon Town School District, a large share of it is earned by Clarendon students who attend Mill River. By illustrating this breakdown we also hope to show a clearer picture of the amount of tax money going to support the elementary school and Mill River.

	<u>Actual</u> <u>1981-82</u>	<u>Actual</u> <u>1982-83</u>	<u>Proposed</u> <u>1983-84</u>
<u>State Aid</u>			
Elementary S.A.	\$200,523	\$239,513	\$293,250
Mill River S.A.	194,363	254,329	281,750
<b>Total State Aid</b>	<b>\$394,886</b>	<b>\$493,842</b>	<b>\$575,000</b>

### F. Budget Analysis:

There is a complete outline of the proposed budget for the 1983-84 school year included in the enclosed financial statements. This proposed budget has total expenditures of \$560,885.00 including the proposed \$5,000.00 for the building maintenance sinking fund. The major increases in the new budget are: salaries and benefits for employees; electricity; and instructional supplies and materials.

### G. School Taxes:

As explained above, the financial statements show a breakdown of State Aid into Elementary State Aid and Secondary State Aid. In the same manner we have shown a breakdown of taxes into elementary and secondary. Mill River's assessment is the sum of the Mill River state aid and the Mill River taxes. The amount of taxes voted at town meeting is the total taxes less the Mill River Assessment voted at the Mill River annual meeting.
